

FLN Internship - WhatsApp Group Chat

Period: 01 June 2026 - 25 June 2026

Period: 01 June 2026 - 25 June 2026

[01/06/26, 9:19:01 AM] Sir Sudarshan Iyengar IIT Ropar:

We don't have many slots in FLN. Only 5-6 will be possible.

[01/06/26, 11:44:45 AM] Prajakta Sarode IIT Ropar Intern:

Good morning Sir, We have drafted a rough syllabus structure for the FLN maths module. It's still being refined, but we now have a basic framework ready. We would like to share it with you and get your suggestions.

[01/06/26, 9:26:16 PM] Sir Sudarshan Iyengar IIT Ropar:

@all we accidentally kept the group open for anyone in the community to join. I'm sure many of you did not know and accidentally joined. Kindly leave the group if you don't belong here.

[01/06/26, 9:26:38 PM] Sir Sudarshan Iyengar IIT Ropar:

@Prajakta Sarode IIT Ropar Intern I have made you the admin. Kindly remove everyone except our physical mode interns.

[02/06/26, 10:04:08 AM] Prajakta Sarode IIT Ropar Intern:

Good morning Sir, Sharing the rough FLN maths syllabus draft. If it looks good to you, we can proceed further with developing and refining the syllabus.

[04/06/26, 3:57:35 PM] Prajakta Sarode IIT Ropar Intern:

Minutes of Meeting for 4/6/26 with Jinal Ma'am:

Project Management & Setup - Daily Tracking: Request for creation of a Zoho Project to log and file work at the end of each day. Task Delegation: Divide the workload appropriately. Reporting: Provide weekly progress updates to Jinal Ma'am. Technical Integration: Utilize OpenCode and integrate a Gemini API key.

Syllabus & Documentation - Syllabus Presentation: Create Google Docs of the syllabus.

[04/06/26, 10:30:59 PM] Harshdeep Ma'am IIT Ropar:

Dear @all, Please join the discussion forum to resolve peer to peer queries.
<https://vicharanashala.discourse.group/invites/8cvJ7MQJq2>

[05/06/26, 3:10:02 PM] Harshdeep Ma'am IIT Ropar:

Adding jinal to this group for project coordination with the interns.

[05/06/26, 3:19:48 PM] Prajakta Sarode IIT Ropar Intern:

@Harshdeep Ma'am IIT Ropar Ma'am, kindly provide messaging access to all participants in the group so that we can share our internship-related updates. Thank you.

[05/06/26, 3:33:39 PM] Harshdeep Ma'am IIT Ropar:

One can provide the summary of the progress done by others.

[05/06/26, 3:46:52 PM] Prajakta Sarode IIT Ropar Intern:

Sure, Ma'am. Please find attached the document containing the work completed so far. We are actively working on it and will keep it updated with further progress.

[09/06/26, 7:47:19 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 09-06-2026

Arnab & Aman - generate/find questions for Level 1 & 2

Prajakta - Merge level 1 & 2, review questions, describe sub-levels

Tripti - Find if there is any similar concept in the levels created so far and changes to be done in that

Sejal - Create resources tab and write all the research done till now and study the part of child psychology

Shreya - will undergo a vivid research on NIPUN BHARAT, NCERT learning outcome and PARAKH to determine the metric

[09/06/26, 2:38:42 PM] Jinal Gupta:

@Prajakta Sarode IIT Ropar Intern When can we have a standup today? If possible can we have it now?

[09/06/26, 2:59:43 PM] Prajakta Sarode IIT Ropar Intern:

Yes ma'am we can have at 3:15

[09/06/26, 6:21:57 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's task: Sejal & Shreya - ongoing. Others - Completed.

[09/06/26, 6:41:33 PM] Jinal Gupta:

Kindly elaborate on what task was being assigned to you and what you have completed.

[09/06/26, 6:48:24 PM] Prajakta Sarode IIT Ropar Intern:

Arnab and Aman - Went through the state syllabus and collected question for level 1,2,4

Prajakta - Merged the comparison level, reviewed the questions and elaborated what kind of question to be kept in levels/sublevels

Tripti - checked for repetition in levels/sublevels and removed it

Shreya - researched more about fln, and which topic should be kept first in the syllabus

Sejal- noted all the research done till now and searched for more

[09/06/26, 7:51:41 PM] Jinal Gupta:

From next time also tell that how many questions were created in total per day. Also tell how many levels you are working on and what levels you deleted.

[10/06/26, 8:24:57 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 10-06-2026

Aman & Arnab - Collect raw question format till level 15

Shreya & Sejal - Continue their task

Prajakta & Tripti - Define levels in clear format in the doc, write in simple language so that question generation would be easy and review the questions by Aman & Arnab.

[10/06/26, 8:59:46 AM] Jinal Gupta:

Can you tell me exactly what are Shreya and Sejal doing?

[10/06/26, 9:29:05 AM] Prajakta Sarode IIT Ropar Intern:

Sejal - State wise FLN program analysis. Shreya - Different Metric used by nipun bharaat ncet and parakh to evaluate a child.

[10/06/26, 5:40:15 PM] Jinal Gupta:

@Prajakta Sarode IIT Ropar Intern Free for a quick standup?

[10/06/26, 5:43:46 PM] Prajakta Sarode IIT Ropar Intern:

Yes ma'am

[10/06/26, 6:17:46 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's work: Shreya - Went through IL/LO used by ncert, PARAKH and NIPUN to evaluate a child's performance on the basis of their class and also updated doc regarding her findings. Sejal - studied state-wise fln initiatives in which she found assessment papers of Telangana and Tamil Nadu which are useful for question bank. Tripti - Modified the questions, generated few questions and searched for any repetition of concepts. Prajakta - reviewed questions, collected few questions for further levels, updated doc format, deleted level 7,8,9 and merged them.

[10/06/26, 6:38:30 PM] Prajakta Sarode IIT Ropar Intern:

Do we have a standup ma'am?

[10/06/26, 6:38:58 PM] Jinal Gupta:

Let's catch up tomorrow

[11/06/26, 7:54:29 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 11-06-2026

Arnab & Aman - generate/find questions for level 4,5,6,7

Prajakta - review questions, describe sub-levels for remaining and Define levels till 20

Tripti - Review Questions, modify them and work with Prajakta for defining levels

Sejal - Review all the questions collected till now acc to child psychology and include her research work in doc if remaining

Shreya - Include her work if remaining in the doc and check the concepts in levels whether they are appropriate

[11/06/26, 6:31:48 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's task: Shreya- Determine the scoring metrics used to evaluate a child capability for their respective class. Sejal - reviewed questions collected till now according to child psychology, and also added psychology-based points from the level-wise framework to help identify which types of questions belong to sub-level. Aman & Arnab - completed question generation till level 7. Tripti - Reviewed questions, generated in interactive way, defined level till 22 and collected sample questions.

[12/06/26, 7:35:13 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 12-06-2026

Arnab & Aman - generate/find questions for level 8-11

Prajakta - review questions, describe sub-levels for remaining and Define levels till 26

Tripti - Review Questions, modify them and work with Prajakta for defining levels

Sejal - Review all the questions collected till now acc to child psychology

Shreya - check if the concepts in the levels are appropriate to her research and what concepts to be introduced further

[12/06/26, 6:19:20 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's Task: Aman & Arnab - completed question generation for levels 8-11 and modified images in canva. Sejal - Reviewed questions by Aman & Arnab and did changes if required, suggested prajakta to merge level 3 and 4. Shreya & Tripti - Created Question Paper format based on fln criteria for class 1. Prajakta - merged level 3/4, did changes in the level structure, added addition/subtraction level where it should be added according to the fln criteria comparison.

[12/06/26, 9:54:45 PM] Harshdeep Ma'am IIT Ropar:

Good Evening, @all. All VISE Interns need to report to C-101 by 9:00 AM sharp for a standup.

[13/06/26, 7:14:02 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 13-06-2026

Arnab & Aman - generate/find questions for current level 13,14,15,16,17

Prajakta - review questions, describe levels/sub-levels if remaining, check for any changes to be done and Define further levels

Tripti & Shreya - create question paper for class 2 acc to fln criteria if possible do for class 3 as well

Sejal - Review all the questions acc to child psychology, do any changes if required and help prajakta for further levels

[13/06/26, 10:46:32 AM] Harshdeep Ma'am IIT Ropar:

Greetings @all VISE Interns, This is your attendance report for the period from 18 May to 12 June. Please note that leeway has been provided for the first day. However, the report reflects multiple instances of late attendance. Kindly provide an explanation. Please be informed that, as per the internship guidelines, the recorded latecomings will result in a reduction in stipend.

[13/06/26, 3:55:34 PM] Harshdeep Ma'am IIT Ropar (multiple interns):

[Attendance clarification messages from multiple interns regarding heavy rainfall on 30 May and approved leaves]

[13/06/26, 4:07:32 PM] Harshdeep Ma'am IIT Ropar:

I have changed the group settings. Due to high traffic on my personal DMs, I may not able to respond promptly.

[13/06/26, 6:22:19 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's task: Shreya & Tripti : Searched and set the questions for class 2. Sejal: reviewed questions and suggested merge. Prajakta: merged level 13 and 15, researched for further level which should be introduced. Aman & Arnab: completed question generation till level 16 (updated).

[13/06/26, 6:52:02 PM] Prajakta Sarode IIT Ropar Intern:

Respected Ma'am, We came for our punch-out, but there is a power cut and the system is not working. So we are unable to mark our punch-out. Kindly mark our attendance for today. The following interns were present and arrived at 6:45 PM: Prajakta Sarode, Kali Nangia, Tripti Kachhap, Shreya Chakrabarti, Arnab Acharya, Abhishek Sinha, Akshay Kumar.

[15/06/26, 7:58:48 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List : 15-06-2026

Arnab & Aman - generate/find questions till level 19

Prajakta - review questions, describe levels/sub-levels if remaining, check for any changes to be done and define further levels

Tripti & Shreya - create question paper for class 2,3 acc to fln criteria

Sejal - Review all the questions acc to child psychology, do any changes if required and help prajakta for further levels

[15/06/26, 5:29:19 PM] Jinal Gupta:

Dear Aman Mehta, Arnab Acharya, Prajakta Sarode, Sejal Kumari, SHREYA CHAKRABARTI, Tripti, We will be having a project presentation (For the students working on FLN) on Saturday, 20th June, post lunch in the Lab Lounge. The members are requested to be present with a simple, crisp presentation summarizing the work completed so far. The presentation should be no longer than 15 minutes. Please note that you will be presenting your work in front of all the lab members, followed by a brief discussion.

[15/06/26, 6:04:40 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's tasks: Shreya & Tripti: Created blueprint for class 2 and 3 question paper. Sejal: reviewed questions and added questions from state/ncert book. Aman & Arnab: Completed question generation till level 19. Prajakta: Added number naming concept in level 4,12,18. Helped Aman/Arnab for understanding what kind of questions to put in a particular level.

[16/06/26, 7:54:02 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 16-06-2026

Prajakta - Update all level structures on GitHub.

Aman & Arnab - Figure out a way to upload visuals to GitHub in a structured manner and automate question generation.

Shreya & Tripti - Continue creating question papers for Class 2. Four sets need to be created.

Sejal - Complete question review, add questions from NCERT/state books, and update GitHub.

By the end of the day, everyone must update their work commits.

[16/06/26, 6:01:38 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's task: Prajakta - updated all the level structure on GitHub and decided further level. Aman & Arnab - automated web scraping from pinterest but yet to automate structuring into printable worksheets, revisited/edited level 7,8,15,16, generated illustrations for level 16. Tripti - Created 5 sets of question paper for class 2 and class 3 each. Shreya - Created 4 sets of class 3 with difficulty levels-easy, medium, hard.

[17/06/26, 9:06:17 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 17-06-2026

Prajakta - Define further levels

Shreya & Tripti - create 5 sets of class 2/3

Arnab & Aman- complete web scraping part and automate structuring

Sejal - Work with Prajakta

[18/06/26, 9:11:57 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 18-06-2026

Tripti - Modify the automation of question set generation

Shreya - Automate Evaluation Metric calculation

Aman & Arnab - automate question bank generation and web scraping

Sejal- Automate question extraction from book

Prajakta - Automate the process of level creation

[18/06/26, 9:14:44 AM] Sir Sudarshan Iyengar IIT Ropar:

Are you people contributing to the git repo? @Adi kindly ensure that the repo is active and everybody is contributing only on the repo.

[18/06/26, 9:15:46 AM] Sir Sudarshan Iyengar IIT Ropar:

@all please note that it is part of the honor code that the programs that you write is uploaded to our git repo only and not anywhere else. @Meenakshi Ma'am IIT Ropar FYIP to oversee this and ensure the compliance is maintained.

[18/06/26, 9:17:11 AM] Jinal Gupta:

Currently I had created a private github repository on my github account we can migrate the code there whatever they have added, Sir.

[18/06/26, 9:20:48 AM] Meenakshi Ma'am IIT Ropar:

@Jinal Gupta we should do this today. Important. I have already insisted that the git commits should be only to the official open source repository to all the VISE interns.

[18/06/26, 9:22:38 AM] Jinal Gupta:

Sure ma'am. I have all the ID's I can share it with aditya.

[18/06/26, 6:15:47 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's Task: Tripti - Automated random 100 sets generation for class 1 and 2. Shreya - Segregated questions based on class(primary 1,2,3)/difficulty level, ready to create 100 sets for class 3 and decided the framework for metric calculation. Arnab & Aman - Automated answer key generation for 100 sets which were generated by Tripti and working on automating question text generation from the question bank. Sejal - Automating book extraction from state/ncert book.

[19/06/26, 8:05:18 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 19-06-2026

Prajakta - Continue working on fln engine

Tripti - Class 4 question paper sets

Shreya - automate metric calculation and class 3 question paper sets

Aman & Arnab - Continue answer key generation and text extraction

Sejal - continue working on question extraction from book

[19/06/26, 8:54:26 AM] Sir Sudarshan Iyengar IIT Ropar:

How are the levels classified? Was it hand made or Llm created. I am sure it wasn't hand made :)

[19/06/26, 9:05:51 AM] Prajakta Sarode IIT Ropar Intern:

The first 23 levels were hand made based on curriculum analysis and learning progression. We are now using these validated levels as the base to automate the generation of further levels as instructed by Jinal ma'am, ensuring they follow the same structure and difficulty progression.

[19/06/26, 3:02:10 PM] Sir Sudarshan Iyengar IIT Ropar:

Can we meet today in the education design lab at 3.30?

[19/06/26, 3:10:30 PM] Jinal Gupta:

Sure sir.

[19/06/26, 3:20:06 PM] Sir Sudarshan Iyengar IIT Ropar:

Only the fln team.

[19/06/26, 3:59:55 PM] Prajakta Sarode IIT Ropar Intern:

Hello Sir, we have already reached the Lab and are currently sitting in the lounge area. Please let us know when we can meet.

[19/06/26, 6:25:27 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's Task: Tripti - Generated 500 sets of question paper for class 1 and 2 each, worked on code for class 3. Sejal - Automated question generation from state Books. Shreya - Automating evaluation metric of a child. Arnab and Aman - Automating image to text generation in question bank and generating answer key for the question sets. Prajakta - Automating level creation.

[20/06/26, 8:15:23 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 20-06-2026

Prajakta - complete the level creation automation

Tripti - Generate Class 3,4 question paper sets

Shreya - complete the automation of metric calculation

Aman & Arnab - Continue answer key generation and image to text extraction

Sejal - continue working on question extraction from book

All - Prepare for Lab presentation

[20/06/26, 10:19:04 AM] Abhishek Sinha IIT Ropar Intern:

[Request to conclude internship early for NPTEL workshop at IIT Kharagpur]

[20/06/26, 10:33:48 AM] Arnab Acharya:

Good morning Sir, First of all, thank you very much for considering us worthy of this opportunity and for expressing your confidence in our work. We are truly grateful for the chance to continue contributing to the project. To help streamline discussions and approval processes with our respective colleges, we had a few queries: 1. What would be the tentative duration of the extension? 2. Is there a deadline by which we need to confirm our decision? 3. Will hostel accommodation continue to be provided during the extension?

[20/06/26, 4:10:21 PM] Jinal Gupta:

<https://youtu.be/lwpi1Lm6dFo>

[20/06/26, 6:02:15 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's Task: Tripti: Completed question paper set generation of class 3. Shreya: created script for automation of evaluation metric. Aman & Arnab: working on image to text automation and answer key generation. Sejal: Automated state book extraction. Prajakta: working on level generation automation.

[22/06/26, 9:28:13 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 22-06-2026

All: Read and research FLN thoroughly.

Discussion: We will discuss findings and align our understanding before proceeding further.

Expected Outcome: Everyone should have a clear understanding of FLN and be able to explain how it relates to our current level-creation.

[22/06/26, 9:33:37 AM] Jinal Gupta:

[Zoom meeting invite for FLN team]

[22/06/26, 2:07:00 PM] Meenakshi Ma'am IIT Ropar:

Dear FLN team, Please join the FLN breakout room in the same link.

[22/06/26, 6:27:13 PM] Prajakta Sarode IIT Ropar Intern:

Updates of Today's Task: Researched FLN (Foundational Literacy and Numeracy) and studied approaches used by other organizations working in the FLN space. Created levels up to Level 28. Attempted to contribute code to the open-source repository by creating a separate branch. Could not proceed with pushing code because we currently do not have collaborator access to the repository.

[23/06/26, 8:39:23 AM] Meenakshi Ma'am IIT Ropar:

[Zoom meeting invite for June 23]

[23/06/26, 9:50:50 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 23-06-2026

Research: Study FLN in depth. Explore how other organizations are implementing FLN programs.

Level Creation: Continue designing FLN levels.

Discussion: Share research findings with the team.

[23/06/26, 7:33:06 PM] Prajakta Sarode IIT Ropar Intern:

Updates of today's Task: Researched about fln, found very good initiatives. Discussed and created levels till 32. Everyone did their automation part.

[24/06/26, 6:18:09 PM] Prajakta Sarode IIT Ropar Intern:

Update of today's work: Shreya: Went through Pratham NGO's contribution to fln in India and work in Zambia. Tripti: Went through the contributions by Infosys co-founder Nandan Nilekani- EkStep Foundation, generated answer key of class 1,2,3 and created PR. Sejal: Researched about NGOs and worldwide fln. Arnab: Domestic market fln alternative research, created PR consisting project details. Prajakta: Completed writing overview of levels till 32; Classified levels according to class 1/2/3.

[25/06/26, 9:34:36 AM] Prajakta Sarode IIT Ropar Intern:

To-Do List: 25-06-2026

Sejal: foreign and NGO initiatives in FLN research, SCERT book text extraction for question generation

Shreya: fine tuning of matrix with different models to improve accuracy of evaluation

Tripti: Continue automation of class 4

Aman: work on level-wise image to text extraction

Arnab: contribute to question bank generation's automation and look into question paper generation's automation, based on the bank generated so far

[25/06/26, 1:54:30 PM] Prajakta Sarode IIT Ropar Intern:

Hello Ma'am, We, the VISE interns, are planning a trip to Amritsar on 27th and 28th June. Since 26th June is an official holiday, we wanted to request whether we could work on 26th June and avail leave on 27th June instead. As all of us are planning to travel together, we were also wondering if a replacement would be required for any responsibilities during that time. Please let us know if this arrangement can be considered.

[25/06/26, 1:59:46 PM] Sir Sudarshan Iyengar IIT Ropar:

Please plan the trip at the end of your vacations. I would like to catch up with you people on the long weekend.

[25/06/26, 2:00:13 PM] Sir Sudarshan Iyengar IIT Ropar:

VISE do not have any off on any day. Your motive is to successfully finish the project and leave. Keep vacation/trips to the far end.

[25/06/26, 2:09:27 PM] Prajakta Sarode IIT Ropar Intern:

Understood, Sir. We'll postpone the trip to the end of the internship and focus on completing the project. Thank you.

[25/06/26, 2:15:10 PM] Prajakta Sarode IIT Ropar Intern:

Good afternoon, Sir. There has been a water leakage issue in the building today, due to which there is no electricity. Could you please let us know where we should sit and continue working until the power is restored? Thank you, Sir.

[25/06/26, 2:17:48 PM] Meenakshi Ma'am IIT Ropar:

Check your DM. we'll connect.

[25/06/26, 6:17:41 PM] Prajakta Sarode IIT Ropar Intern:

Update of Today's task: Aman: tested Gemma 12B for worksheet analysis and got better results compared to previous models. Worked on refining prompts to improve structured JSON accuracy, reduce hallucinations, and make the outputs reliable for evaluation metrics. Also faced limitations with Google Colab and Kaggle, which are affecting smooth experimentation. Created a PR in Vicharanashala/FLN repo. Shreya: Standardized metadata fields(class_level and difficulty). Validated the JSON file and tested the classification workflow locally using QWEN2:1.5B on ollama.

[25/06/26, 10:41:17 PM] Meenakshi Ma'am IIT Ropar:

Dear VISE Interns, A quick heads-up — some of you will be stepping into your new cubicles tomorrow, and Professor is planning to join you in the lab. That's a real opportunity, so it's worth coming prepared. Bring your questions, your ideas, and your best work. Days like these are the ones you'll remember. See you all tomorrow.
